Over Varicocele, Weakness and Nervous Debility.

The destructive influence of Varicocele is responsible for the breaking down of many otherwise healthy men. It is a serious condition and should be checked in its early stages by proper treatment. I have devoted twenty years of my life to the study of this complaint and of its effect upon the general vitality. I have treated successfully over 5,000 cases since I discovered the power that Electricity possessed in removing the knotted, swollen veins, and have now perfected my treatment so that I am able to take the worst cases and assure a permanent cure in from two to

na's and Others' Views,

Washington, Dec. 16 .- Upon the assembling of the national Republican commit tee today, Mr. Payne of Wisconsin made a statement, as follows: It is well known by members of the committee, both from the public press and correspondence with them, that I have intended to offer and advocate the adoption by the committee of a resolution recommending to the next national Republican convention a change of representation in subsequent conventions. The proposition has received the support of almost the entire Republicant press of the country and I have reason to believe that upon its merits, as well as upon grounds of expediency, it has the support of a large number of this committee. I have not in the slightest degree changed my conviction as to its justice, nor have I the slightest doubt as to its expediency. Within a day of two it has encounteded opposition which i had no reason to anticipate, including that of the chairman of this committee, it is sufficient for me to say that, out of my regard for his opinion and the opinions and wishes of others high in the councils of the party, to which, as a loyal Republican, I feel bound to defer, I am constrained not to offer the resolution. Senaror Hanna-took the floor and briefly discussed the Payne proposition. Simples in the basis of ropresentation, be thought, should be left for the convention to deal with. He did not believe that the committee should make recommendations. Mr. Hanna's remarks were chered by the committee. None of the other propositions on this subject were brought forward. BACK TO CUBA FROM EXILE Senora Lopez, Who Once Made Her Escape From Cabanas Prison.

New York, Dec. 16 .- Senora Carmina Lopez, who was the wife of a Cuban general, and who in 1897 escaped from Cabanas fortress in Cuba in the guise of a nun, and took refuge on an Argentine warship, which conveyed her to Buenos Ayres, was held with her four children at the barge office today, having arrived here from Rio Janeiro on the steamer Wordsworth, en route for Cuba. The family is returning to its old home after long exile. It has been furnished with passage by the Rev. M. J. Henry of the Irish Emigrants' Home.

General Juan Lopez, the husband of Senora Lopez, was shot by the Spaniards by command of General Campos. Senor Lopez had been a wealthy planter, raising horses, cattle, sugar and tobacco. Five years ago he was worth \$2,000,000, but was arrested and sent as a political prisoner to Cabanas fortress, where, three years age, with 137 other prisoners, he was

Sisters of St. Francis Rely on Peruna To Fight Catarrh, Coughs, Colds and Grip.

In every city and large town in the United States the Sister of Charity has become a familiar object. The Catholic Sisters-sweet messengers of charity, Peruna in this locality, and they are all ceaseless and indefatigable in their labors-move quietly and swiftly in and

out among the people, receiving, dispensing, assisting and comforting. By no means the least service they render helpless humanity is their dispensation of medicine. Their experience among the sick, and their anxiety to be of assistance to them, soon lead them to know the most efficient and safe remedies. It would be impossible that so popular and valuable a remedy as Peruna could have escaped their attention. Many letters have been received from institutions of this kind praising the benefit that Peruna has been to them. Following is a letter recently received by Dr. Hartman;

Dr. S. B. Hartman:

"Some years ago a friend of our institution recommended to us Dr. Hartman's 'Peruna' as an excellent remedy for the grippe, of which we then had several cases which threatened to be of a serious character.
